ABOUT ME

I am a detail-oriented professional with solid internship experience in Data Entry and Administration, combined with a background in computer science education. During my internship as a Data Entry Clerk, I honed my skills in Microsoft Excel and Analytical Skills to ensure data accuracy and efficiency. Additionally, my educational internship experience as an IT Teacher at SMKN 1 Pacitan strengthened my teamwork, administrative skills, and comprehensive mastery of Microsoft Office and Microsoft Word. I am enthusiastic about applying my proven administrative and data entry skills to help clients achieve organized and accurate data management.

WORK EXPERIENCE

SMKN 1 PACITAN

Computer Science Teacher | Sep 2025 - Oct 2025

Internship as an IT Teacher at SMKN 1 Pacitan for 6 weeks focused on planning, implementing, and evaluating teaching and learning activities for 10th grade students. Main responsibilities included developing Computer Systems practicum modules, managing basic administration, and installing operating systems. Through my effective communication skills and mastery of computer science material, I contributed to the development of one project-based learning teaching module, ensuring students' readiness to face the challenges of digital literacy and industry.

BappedaLitbang

Admin Data Entry | Feb 2025 - Feb 2025

During my internship at the Regional Development Planning, Research, and Development Agency (Bappedalitbang), I was responsible for assisting in the preparation of development planning documents and processing statistical data related to regional performance indicators. This experience has strengthened my skills in data analysis, spreadsheet application (Excel) mastery, and concise and accurate technical report writing. My achievement was ensuring that all supporting data was verified and aligned with development priorities, which directly supported the team's work efficiency.
